**MAYOR JERRY SANDERS
PRESS RELEASE**

**Mayor Sanders Reappoints 4
to the Board of Building Appeals and Advisors**

SAN DIEGO- Mayor Sanders has reappointed Kelly Eisenstein, Frank Landry, Kenneth Oh, and Ali Sadre to the Board of Building Appeals and Advisors, subject to City Council confirmation.

Ms. Kelly Eisenstein is the Associate Manager for the San Diego office of Rolf Jensen & Associates, Inc., a fire protection and life safety code consulting firm. As a Consulting Engineer, Ms. Eisenstein advises clients on building, fire, and life safety using federal, state, and local codes and ordinances and has consulted on a wide variety of projects including high-rise buildings, mall structures, commercial and industrial buildings, airport terminals, and multi-family residential facilities. Ms. Eisenstein was awarded a Bachelor of Science degree in Fire Protection Engineering in 2001 from the University of Maryland and is affiliated with various fire protection trade associations and professional organizations including the Society of Fire Protection Engineers, American Institute of Architects, International Code Council, and National Fire Protection Association. She is also the Director of Programs for the Society of Fire Protection Engineers. Ms. Eisenstein will continue to serve as one of the two required Fire Protection Engineers for this Board, and will be reappointed for a term to expire March 1, 2010. Ms. Eisenstein resides in Ocean Beach.

Frank Landry, AIA, LEED AP is a California Licensed Architect and has more than 20 years experience in commercial and residential design. Mr. Landry is currently a Project Architect for Fehlman LaBarre. He became a California Licensed Architect in 1997 and is also registered in Arizona and Hawaii. His areas of expertise include large commercial and small to large-scale residential projects. Mr. Landry has contributed his architectural expertise for various projects including the DiamondView Tower Office Building at Petco Park, Peregrine Systems Headquarters, Carmel Valley Corporate Center, 350 W.

Ash Condominiums, and the USMC Reserves Training Facility in Seal Beach, California. He is also certified as a LEED Accredited Professional and adept at sustainable and energy efficient design standards. In addition, Mr. Landry is a Supplemental Exam Commissioner for the California Architects Board and member of the American Institute of Architects. Mr. Landry will continue to serve as the required Architect for this Board and will be reappointed for a term expiring March 1, 2010. Mr. Landry resides in Talmadge.

Mr. Kenneth Oh is a Fire Protection Engineer and Project Manager for the Department of the Navy/Naval Facilities Southwest. Over the last 17 years, he has worked as a Fire Protection Specialist, Fire Protection Engineering Consultant, Project Manager, and Consulting Engineer. Throughout his career as a Fire Protection Engineer and Consultant, Mr. Oh has presented before the Board of Building Appeals and Advisors. Mr. Oh earned a Bachelor of Science degree in Mechanical Engineering from the University of California, Davis and was licensed as a Fire Protection Engineer in 1997. He is also an active member of the Society of Fire Protection Engineers, National Fire Protection Association, and the Fire Prevention Officers Section of the California Fire Chiefs Association. Mr. Oh will continue to serve as one of the two required Fire Protection Engineers for this Board and will be reappointed for a term expiring March 1, 2010. Mr. Oh resides in Poway.

Ali Sadre is a Project Structural Engineer for the EsGil Corporation where he is responsible for the review and analysis of structural design and building plans for compliance with the Uniform Building Code and Title 24 life-safety, structural, and seismic provisions. With more than 22 years experience as a Civil/Structural Engineer, Mr. Sadre has worked on a wide range of projects including high-rise, multi-residential, commercial, schools, hospitals, hotels, casinos, sports arenas, infrastructure, and alternative material construction. Mr. Sadre was awarded a Bachelor of Science degree in Civil Engineering in 1980 and a Masters of Science degree in 1981 from the Georgia Institute of Technology, and is a certified Civil Engineer, Structural Engineer, Building Inspector, Combination Dwelling Inspector, and Plans Examiner. He is also an active member of the American Concrete Institute, American Society of Civil Engineers, Applied Technology Council, Earthquake Engineering Research Institute, and Structural Engineers Association of California. Mr. Sadre will continue to serve as one of the two required Civil Engineers for this Board and will be reappointed for a term expiring March 1, 2010. Mr. Sadre resides in La Jolla.

Also, the Mayor has reappointed Mr. John Littrell as the Chair of the Board of Building Appeals and Advisors. Mr. Littrell has been actively serving on the Board since 2001.
